Raising Money to Build a Livestock Multi-Purpose Building For the 4-H & FFA Youth

1. Our goal is to raise funds to build a multi-purpose livestock building that will house swine, beef, rabbits, sheep, goats, and poultry.
2. The current livestock building facilities are outdated and no longer meet the needs of our 4-H & FFA livestock and small animal programs.
3. The facility will be adaptable to the changing numbers of animals from year to year entered into the fair.
4. A fund has been established with the Asotin County Fair & Rodeo for the exclusive purpose of building this Livestock Multi-Purpose Building.
5. We need in excess of \$600,000.00 to complete this project. We currently have 77,000 dollars donated to the fund.
6. The facility will be attached to the current Sheep/Goat Facility.
7. A Plaque will be made with sponsor name and displayed on the sponsor board.
8. If you would like to donate and be a building sponsor, please send check or money orders payable to:

Asotin County Fair and Hells Canyon Rodeo Royalty 2026

Queen Reece Sheppard

Hello everyone, my name is Reece Sheppard and I am proud to be your 2026 Queen! I am the daughter of Josh and Chelsy Sheppard and Cody Auker of Clarkston, WA. I am the middle of two sisters, Berklie and Jensyn, and they are my best friends. I am 16 years old and a sophomore at Asotin High School.

Following in my parent's footsteps I have been very involved with the Asotin County Fair and Hells Canyon Rodeo. My dad is a rodeo clown who clowned the Hells Canyon Rodeo for 11 years and is now on the sales committee. My Mom was also Asotin Royalty when she was in high school and is now a horse 4-H leader. In addition to that, they both took part in FFA and 4-H. I have been a part of the fair since kindergarten showing rabbits, dogs, horses, pigs, and steers, along with sewing, modeling, cooking and presenting demonstrations. I was a large animal Round Robin winner in my 8th grade year and have helped at the Livestock sale the past three years. I have been very involved in 4-H outside of the fair by being a youth leader for different clubs, a teen camp leader and a 4-H club president.

At Asotin High School I am involved in Volleyball, National Honor Society, and FFA. Last year in FFA I participated in Creed, Livestock Judging, Beginning Parliamentary Procedure, and Conduct of Chapter Meetings (CCM). At state, my CCM team and I got first place for our written test and second place for our meeting category. At our end of the year FFA awards banquet I was also awarded the Star Greenhand Award. This year I will be doing Advanced Parliamentary Procedure, Livestock Judging, and showing a steer and horse at the fair.

Singing is a very important part of my life and has been an affinity of mine since I was very little. I started singing the National Anthem at the age of eight and ever since then I have been singing at rodeos, including the Asotin Rodeo and Sale and

the Lewiston Round Up, school games, graduations, memorials and plenty more. My family and I are very strong in our Faith, and I love to lead worship in the band at Canyons Church on Sundays, as well as volunteer in our children's ministries. I

have been very involved with horses all my life. From showing horses at the fair every year, to many playnights, barrel races, and omoksees, I have learned so much. I have competed in many rodeos through Central Idaho Rodeo Association, Idaho District 3 High School Rodeo Association, and barrel racing at the Asotin Rodeo. I have gotten lessons periodically throughout my life and I have now started training my own horses.

I am so excited to make memories with Princess Brooklynn and my horse Camas this year while representing the Asotin County Fair and Hells Canyon Rodeo, and I can't wait to see what God has planned for us! Being Queen of our Fair and Rodeo has been a lifelong dream and is such an honor.

Have a wonderful time and stop to visit if you see me!!

Asotin County Fair and Hells Canyon Rodeo Royalty 2026

Princess Brooklynn Auker

Hi there, my name is Brooklynn Auker, and I am so excited to be your 2026 Princess. I am the daughter of Caleb and Stephanie Patterson and the proud big sister to Jackson Patterson. I was raised in a family that values faith, hard work, and the western way of life.]

Horses have been part of my story for as long as I can remember, and from a very young age, I felt most at home in the saddle. Entering the Asotin County Fair and Hells Canyon Rodeo Royalty program is an honor that reflects the life I have grown up loving and the community I am proud to represent.

When I am not fulfilling royalty duties, you can most often find me in the arena doing what I love most — competing and training horses. I am a dedicated and competitive barrel racer, and I travel near and far to chase my rodeo goals. Some of my accomplishments include being a two-time Hells Canyon Rodeo Barrel Champion, NWBHA Youth Champion, NWBHA Finals qualifier, and Battle of the Champions qualifier. Each of these titles represents countless early mornings, late nights, and many miles on the road with my horses. While I am proud of the awards, what means the most to me is the partnership I build with each horse I ride.

In addition to barrel racing, I compete in breakaway roping, pole bending, and goat tying. I love working to become a well-rounded horsewoman and improving my timing, horsemanship, and mental toughness in every event. Rodeo has taught me that while winning is exciting, growth, perseverance, and sportsmanship matter most.

This year, you will catch me riding my heart horse, Peppy, for all royalty events. Peppy is a 23-year-old Quarter Horse whom I was blessed to receive from my good friend, Holly. Peppy is more than just a horse to me — she is my teacher, teammate, and best friend. Together, we have competed in local rodeos and countless barrel races and built a bond that can only come from time, trust, and miles in the arena. Peppy has helped shape me into the rider I am today by teaching me patience, feel, confidence, and grit. Our partnership is built on loyalty and love, and it is something I cherish deeply.

Outside of rodeo, I stay just as active and driven. I am a Varsity volleyball player for Clarkston and compete for ZZU Club as an Outside Hitter. Volleyball has taught me leadership, communication, and the importance

of trusting my teammates. I also recently began wrestling and have had an undefeated season through my school. Wrestling has pushed me mentally and physically in ways I never expected. It has taught me discipline, resilience, accountability, and how to stay focused under pressure. Being alone on the mat builds confidence and toughness, and it has made me stronger not only as an athlete but as a person.

I am also excited to return to the Asotin County Fair this year to show a hog. Being a part of 4-H has taught me responsibility, dedication, and the value of hard work. Caring for and raising an animal takes daily commitment, patience, and pride. 4-H has helped me grow not only as a competitor, but as a leader and role model in my community.

Through everything I do, my faith remains at the center of my life. I have a close relationship with Jesus and thank Him daily for the blessings and opportunities I have been given. Whether I am in the arena, on the court, on the mat, or under an open sky, I strive to live with integrity, kindness, and gratitude.

This year has only just begun, and I have already made so many meaningful memories and met incredible people within our community. I am blessed to share this season with my good friend, Queen Reece, and I look forward to all the amazing memories we will make together. I am truly grateful for the support, encouragement, and friendships that come with being part of such a special community. **Thank you all for your support!**

Grand Marshal

Johnny Floch

Johnny's story did not begin with his birth, it began with his grandparents, Benjamin Floch and Mary Harbin.

In 1873, Ben and Mary homesteaded on Montgomery Ridge near Anatone, Washington. Traveling by horse and wagon, they made their way to what is now Asotin County. The Floch's were the second homesteaders on Montgomery Ridge.

Johnny was born on June 5, 1951, to Mary Weed and Louis Floch and was raised on the Hostetler Ranch. He was born with club feet and was told he would never walk. When Johnny's father heard this, he reached out to a friend named Buster Fordyce to see if he could help. Buster was able to get Johnny into Shriners Hospital in Spokane, Washington, where Johnny would spend the next 15 years undergoing surgeries so he could walk.

On April 29, 1962, while still wearing leg braces, Johnny broke a calf and rode it in the Asotin County Fair Parade, earning third place in the children's division. He also showed steers in 4-H and FFA and participated in rodeo events such as Wild Cow Milking and the Cow Pony Contest.

Johnny worked for Potlatch Corporation for 38 years as a certified lumber grader and crane operator. He also spent time working as a ranch hand for Byron and Rod Hostetler. Over the years, Johnny has volunteered his time transporting FFA and 4-H kids' animals to the fair, helping with repairs at the fairgrounds, and serving on the fair board.

His favorite way to spend his extra time is horseback riding in the mountains, spotting for big game, helping neighbors move cattle, and leading a pack string to some of his favorite hunting camp spots. In 2014, he had the privilege of harvesting a bull elk, an accomplishment that still hangs proudly in his living room today.

Johnny is blessed with six children; Sarah, Mary, J.C., Anna, Holli Jo, and Jenny Lou, and eight grandchildren who keep him busy. His children and grandchildren have continued the family tradition of showing animals, serving in royalty, and participating in rodeo events.

Today, you can find Johnny opening gates at the horse show or sitting in the grandstands, cheering on not only his grandchildren but all contestants—many of whom proudly call him "Grandpa Johnny." If you've ever heard, "Go get 'em, pard!" "Need for speed!" or "Way to go, girlie bob!", "Boy howdy!" you know there's always someone in the crowd cheering you on, no matter who you are.

Johnny would like to thank the community for their continued support and the fair board for this great honor.

"If that cat could talk, what tales it would tell—about the Hostetlers, the Sangsters, and Johnny Floch as well." – Johnny Floch

Serve to foster community spirit as volunteers unite in a common effort to provide a colorful, pleasant, and educational event for the public.

No Dogs Allowed on the Fairgrounds:

Unless listed below. (4-H & FFA dogs allowed for showing)

4-H/FFA Project Dogs and Guide Dogs.

RCW 49.60.040 defines a dog guide as a "dog that is trained for the purpose of guiding blind persons or a dog that is trained for the purpose of assisting hearing impaired persons." RCW 49.60.040 defines service animal as "an animal that is trained for the purpose of assisting or accommodating a disabled person's sensory, mental, or physical

disability."

Service animals are utilized by people with a variety of disabilities and in many different ways. Service animals may lead blind people or serve as the ears of a deaf person. They may also carry and pick up items, be used for balance, and provide warnings of impending seizures or low blood sugar. Service animals may allow persons with anxiety disorders, PTSD or other emotional illnesses to function in society, by alerting their handlers to avoid anxiety triggers, by

recognizing and blocking behaviors, or by stimulating the person to "snap back" to a conscious state. Service animals can remind handlers that it is time to take medication and can summon help in the case of fainting or a seizure. The ways in which people with disabilities use service animals are growing and evolving as we discover additional ways in which animals can be utilized by people with disabilities.

Emotional support animals, comfort animals, and therapy dogs are not

service-animals under Washington State Law. Other species of animals, whether wild or domestic, trained or untrained, are not considered service animals either. The work or tasks performed by a service animal must be directly related to the individual's disability. It does not matter if a person has a note from a doctor that states that the person has a disability and needs to have the animal for emotional support. A doctor's letter does not turn an animal into a service animal.

A service dog is protected by federal and state laws to be allowed access to public places such as stores, restaurants, theaters, etc. (anywhere its handler would otherwise be allowed access to). However, there are some rules and behavior guidelines the handler must follow. The laws not only protect the handler and service animal from being denied access to those places but also protects business owners from unruly service animals and/or "fraudulent" service animals. A business owner has the right to deny access to a service animal and handler team if they pose a direct threat to the health and/or safety to the establishment's patrons or display poor or unacceptable behaviors. Below is a list of basic rules that must be followed in order to maintain access rights:

ANIMAL HEALTH REQUIREMENTS:

Q-Fever is a bacterial organism commonly shed by sheep, goats, and cattle.

Goats and sheep in the last 14 days of pregnancy, and female goat and sheep are most likely to be shedding this organism. This disease is communicable to humans. Female goats and sheep within the last 14 days of pregnancy, and 14 days following the birth of live or dead lambs/kids are not allowed to be exhibited at the Asotin County Fair.

1. Washington livestock requires no vaccinations or tests for entry into the Asotin County Fair.

2. Weigh in veterinarians (chosen by the Fair Board) may inspect all classes of livestock and poultry (including horses,

Rules and Behavior Guidelines

Washington State follows the ADA requirements for the service animal to be under the complete control of its handler. This could be achieved through the use of a leash, harness, or other tether mechanism. However, in cases where either the handler is unable to hold a tether because of

A disability or its use would interfere with the service animal's safety, effective performance of work or tasks, the service animal must be under the handler's control by some other means, such as voice control.

The service animal **MUST** be housebroken- urinating or defecating in public places that are not appropriate would-be grounds for removal of the team from the establishment.

The service animal must be vaccinated and licensed according to local state and county laws. Some counties will waive the fee of licensing under certain circumstances for service animals.

The handler is responsible for the care of the service animal's needs. This means they are solely responsible for the feeding, watering, and cleaning up after the service animal in an establishment.

pet animals, fur-bearing animals, pigeons, ducks, geese and turkeys, before they are exhibited, to determine that the livestock and poultry are free from infectious or contagious disease and ectoparasites.

3. Weigh in veterinarians **WILL** reject any animals with infectious or contagious disease or ectoparasites. Exhibitors should be aware that RINGWORM, WARTS, PINKEYE, STRANGLES, CONTAGIOUS ECTHYMA, SCABIES, LICE, MITES, TICKS AND FLEAS fall into these categories.

4. No animals from a quarantined area/ premise will be permitted to enter the fair.

5. ALL OUT-OF-STATE ENTRIES must comply with the State of Washington import regulations. A health certificate must

Here are some basic guidelines to follow for the proper behavior of a service animal:

Follow the "4 on the floor" rule. For example: no jumping, standing up on hind legs, or being placed in shopping carts.

Keep quiet profile. In some cases, a service dog may be trained to bark for an alert, which is perfectly acceptable. However, it is unacceptable for the dog to uncontrollably bark, growl or whine while in an establishment.

Maintain control of the service animal at all times. Most service animals are trained to stay close to its handler (i.e. under a chair, bench or table when the handler is sitting, next to or in front of the handler in a "sit" or "down" when the handler is standing stationary). Allowing the service animal to run around or away from its handler is unacceptable.

Another thing to note is the size of the service animal. In some circumstances, a service animal may need to maintain contact or closeness to the handler to detect an alert. In this case, a smaller service animal may be held or carried by the handler instead of walked.

be issued by an accredited veterinarian from the state of origin for all out of state livestock and poultry entries.

6. Only upon a veterinarian's and a barn superintendent's approval shall tranquilizers, antibiotics, etc., be used or administered by a vet on market animals.

7. The Asotin County Fair requires all female sheep and goats and all intact male sheep and goats to have official USDA National Scrapie Eradication program-assigned flock identification available during vet check-in. This may include either a tag, tattoo, or microchip (with reader provided by exhibitor). Veterinarians will not allow unmarked animals through vet check

Fitting & Showmanship and Type/Quality Contest

1. In fitting & showmanship, the emphasis is on the knowledge and performance of the 4-H or FFA members. In type/quality judging the emphasis is on the condition, conformation and characteristics of the animal. We are most concerned about the personal development of the 4-H and FFA members. Therefore, all fitting & showing contests have the same premium points (blue-100, red-75, and white-50) regardless of the type/quality, size, training or value of the animal involved.
2. All exhibitors must complete a fitting and showmanship class in order to receive premiums and/or ribbons in their animal section. Fitting and showmanship classes are concluded with the selection of champions and reserve champions exhibitors.
3. All animals used for fitting and showmanship must also be entered in type/quality competition. In order for fitting and showmanship premiums to be assigned, exhibitors must also show their own animal in type/quality class except when given permission by the goat superintendent to substitute another exhibitor-handler. (Example: when two or more animals are being exhibited by the same exhibitor in the same show ring.) Exhibitors are only allowed to sale one market animal.
4. All goats must be owned and cared for by the exhibitors by the first Saturday of December.
5. In general, Exhibitors' clothing should be clean and in good shape (no holes, tears, or wrinkles). Hair should be neat. Long hair should be pulled back so it does not cover your face. No rings, necklaces, dangling earrings, watches or bracelets. Potentially offensive statements on clothing will not be permitted. In general, the following items are not permitted when showing hats, cell phones and other electronic devices, and gum chewing. Accommodation may be accepted upon request. Adaptations for religious reasons will be permitted. Please notify the Fair Board prior to the fair.
6. The Overall Grand Champion Fitting and Showing Showman winner from 4-H and FFA from combined divisions 104B (Nigerian Dwarf) & 104C (Pygmy), will compete in the Small Animal Round Robin. Excep-

tions to this rule could occur if the superintendent feels there are not enough FFA members entered, they then will be combined with the 4-H Senior class, and the Overall Grand and Overall Reserve will compete in the Small Animal Round Robin.

Rally is a sport in which the dog and handler complete a course that has been designed by the rally superintendent and/or judge. The judge tells the handler to begin, and the dog and handler proceed at their own pace through a course of designated stations (10-20, depending on the level). Each of these stations has a sign providing instructions regarding the next skill that is to be performed. Scoring is not as rigorous as traditional obedience but is timed. All designated novice stations are judged on leash, and all others are judged off leash.

All dogs must enter and leave the ring on a leash. Equipment: Six(6) foot leash and properly fitted choke chain or flat collar. A trophy and rosette will be awarded to the Top Overall Rally and a rosette to the Reserve Champion.

All For A Good Cause At Asotin County Fair Teenager's goat fetches over \$7,000 to support twin sisters in need of life-saving care

Lisa Ubachs said it isn't unusual for the Animal Crackers 4-H Club to rally around a good cause.

When members learned the Asotin County Fair's grand champion goat was being sold to support twin sisters in need of life-saving medical care, 4-H club leader Ubachs said dozens stepped up.

"It's what we do," she said. "Community service is a big part of 4-H, but the kids, they just care so much."

Fairgoers and cowboys saddled up as the 83rd annual Asotin County Fair and Hells Canyon Rodeo rolled into town this week. The roundup will run through today as the fair closes at 4 p.m.

Out of the many 4-H animals auctioned off Saturday, a particular one stuck out of the crowd.

Selene Verdugo's market goat "Chupa" sold for over \$7,000. The funds will go toward her sisters' medical expenses.

Ubachs said the Clarkston family of six has faced incredible hardship since welcoming two daughters with complex health issues into the world.

Their mom, Brandy Verdugo, said 18-month-old Cheyenne and Lindly were born with polycystic kidney disease. The first three months of their lives were spent in a Neonatal Intensive Care Unit, she added, and required dialysis 12 hours a day while awaiting kidney transplants in the coming months.

Brandy said her family is living on a single income since she's stayed at home full-time to care for her daughters.

Ubachs said the Verdugos make frequent trips to Seattle Children's Hospital for appointments, treatments and essential health care. She added the family's challenges have only grown since their minivan broke down this spring.

Selene started looking for ways to pitch in while her family began their journey down a tumultuous road. Ubachs said the Animal Crackers member asked her for a market goat last fall in exchange for farm chores.

"She's just that girl who's always asking what can she do," she said. "She has the biggest heart ever."

Brandy said she was brought to tears when Selene's goat became the grand champion.

Chupa's auction isn't the only one that will support the Verdugos. Ubachs said about 150 4-H members in the area have pledged a portion of their animals' sales to the family.

Kids who donated proceeds were seen wearing green ribbons at the fair. Ubachs said it was a coincidence the color she grabbed from the store represented kidney awareness.

This isn't the first time an Asotin County Fair animal was sold for a cause. Ubachs recalled a pig auctioned for thousands of dollars to ease cancer patients' financial burdens in 2022.

Past Kerri Sandaine reporting for the Tribune shows Bryson Stein broke the fair's livestock sale record when his entry fetched \$100,000 to aid his synovial cell sarcoma costs and

assist other people battling cancer.

"The valley itself is huge when it comes to helping others out," Ubachs said. "If they know someone's in need of support they'll come."

Ubachs said she's working on setting up a fundraiser to help the Verdugos. But in the meantime, anyone interested in donating to the family can email her at ubachslisa@gmail.com.
