Asotin County Fair Hells Canyon Rodeo Royalty Queen 2024 Jadeyn Perin

Howdy Rodeo Fans,

YEEHAW! She has her boots on and is ready to represent the western way of life and the sport of rodeo. This young lady may have gotten two different broken bones from her love of horses, but this hasn't stopped her from achieving her dreams! Jadeyn Perin is a 17 year old Junior attending Joseph Charter High School. She resides on the outskirts of Enterprise with her parents, Austin and Erica Kasper, little brother Jace, and baby sister Kamdyn. To enjoy all her extracurricular activities, one must have a support group and Jadeyn is very blessed to have several loving grandparents: Ryan Perin, Diane Duncan, Deena Perin, Lori Kasper and her late Grandpa Kevin Kasper.

The love and passion Jadeyn has for animals started before she could walk by watching her mom carry Sponsor flags for local Oregon rodeos, perform on a rodeo drill team and barrel races, and by watching her grandpa, Ryan, compete in ACTRA Team Roping. Jadeyn started competing at an early age and joined 4-H in the fourth grade. That's when she started showing her horse and market lambs! Jadeyn has many equine and lamb related accomplishments. Now 7 years later, she is still participating in this great youth program and being able to serve as the 2022 4-H Court Ambassador which meant the world to her! This gave her the opportunity to serve in the community and give back to all, as well as offering community service each and every day to help promote and keep the program running. Jadeyn has been able to compete at both State and National levels in 4-H, including going to Kentucky in November of 2022 representing the State of Oregon 4-H Horse Hippology Team.

Jadeyn is also active in the FFA chapter. In the summer of 2022, she had the honor of showing a Black Angus heifer as a breeding project at the Wallowa County Fair. She hopes she will be able to raise her own herd. In 2023 Jadeyn was the Princess for Eastern Oregon Livestock Show. This made her want to continue her love and journey as a rodeo royalty ambassador and teach people more about the great sport of rodeo. Jadeyn is currently representing Joseph High School as an athlete on the Volleyball team, Basketball team, and is a member of FCCLA. Jadeyn's future goals are to attend college and start becoming a Traveling Registered Nurse or pursue a degree in Equine Science. Her most enjoyable place to be is on the back of her horse, either competing in the show ring, junior rodeos, or in the mountains helping family gather and work cows. When Jadeyn is not around her animals you can find her enjoying fishing, camping or anything outdoors.

"I am so excited to have the opportunity to serve as this year's 2024 Queen of the Asotin County Fair and Hells Canyon Rodeo. I'm truly honored to have the opportunity to represent an association that celebrates the western way of life and the sport of rodeo. -Jadeyn"

She is looking forward to this experience, gaining many new memories, and meeting new people from all over while she represents the great sport of rodeo. Her noble trusty steeds following her rodeo court journey this year are Tweeter and Brando. Jadeyn and her equine partners are excited and can't wait to meet you at the Asotin County Fair and Hells Canyon Rodeo!

Happy Trails!
Jadeyn Perin

Asotin County Fair & Hells Canyon Rodeo Grand Marshals 2024

Hello and Welcome to the 2024 Asotin County Fair and Hells Canyon Rodeo!

We are Jeff and Denise Hammrich, and we are honored to be chosen as the 2024 Asotin County Fair and Hells Canyon Rodeo Grand Marshals.

We have been married for 45 years and have called Asotin County home since 1987. While raising our two daughters, Cami Browne and Nicole Triplett, the fair has played a huge role for our family and continues to do so. Both girls participated in 4H and FFA raising and showing livestock projects, participating in the horse show as well as fine arts. While in high school, both girls served as royalty for the fair. We spent multiple summers traveling the Pacific Northwest promoting our local fair and all of its activities. In addition, Jeff served on the fair board and both of us were members of the sales committee for over a decade.

Now that the girls are grown, they are still diligently involved in the fair. Both are serving as 4H leaders. Nicole is currently on the Asotin County Fair Board, and Cami is the Clarkston FFA advisor. We are blessed to have five grandchildren; Caylie, Cady, Carly, Loghan, and Avery who have all been active in the fair. Each April we are excited to see their exhibits in the halls and watch them show their livestock and horse projects.

Jeff is enjoying retirement and can often be found year round at the fairgrounds running the tractor to make sure the arena is in tip top condition for any and all events. Denise is currently the principal at All Saints Catholic School.

We understand and appreciate all of the hard work and dedication required to make our fair the great event that it is. Thank you to all the volunteers that make the fair happen as well as all of the buyers and supporters of the livestock sale.

We hope to see you at this year's fair and rodeo, and we wish all the participants the best of luck!

Thank you,

Jeff and Denise Hammrich

AIMS & PURPOSES OF THE ASOITN COUNTY FAIR, FAIRBOARD, & VOLUNTEERS

Provide county youth with an educational experience relating to 4-H and FFA projects, activities, personal skills, and accomplishments.

Provide recognition and inspiration to county youth and youth leaders for encouragement toward greater achievement.

Provide a challenge and opportunity for county youth to broaden their relationship with other youth and with the 4-H and FFA programs.

Provide an opportunity for youth and county citizens and the public to display their projects.

Provide an educational opportunity for the public to learn from judging of displayed produce, foods, clothing, flowers, photography, and arts & crafts & livestock exhibits.

Serve to foster community spirit as volunteers unite in a common effort to provide a colorful, pleasant, and educational event for the public.

No Dogs Allowed on the Fairgrounds Except:

4-H/FFA Project Dogs and Guide Dogs.

RCW 49.60.040 defines a dog guide as a “dog that is trained for the purpose of guiding blind persons or a dog that is trained for the purpose of assisting hearing impaired persons.” RCW 49.60.040 defines service animal as “an animal that is trained for the purpose of assisting or accommodating a disabled person’s sensory, mental, or physical disability.”

Service animals are utilized by persons with a variety of disabilities and in many different ways. Service animals may lead blind people or serve as the ears of a deaf person. They may also carry and pick up items, be used for balance, and provide warnings of impending seizures or low blood sugar. Service animals may allow persons with anxiety disorders, PTSD or other emotional illnesses to function in society, by alerting their handlers to avoid anxiety triggers, by recognizing and blocking behaviors, or by stimulating the person to “snap back” to a conscious state. Service animals can remind handlers that it is time to take medication, and can summon help in the case of fainting or a seizure. The ways in which persons with disabilities use service animals are growing and evolving as we discover additional ways in which animals can be utilized by persons with disabilities.

Emotional support animals, comfort animals, and therapy dogs are not service animals under Washington State Law. Other species of animals, whether wild or domestic, trained or untrained, are not considered service animals either. The work or tasks performed by a service animal must be directly related to the individual’s disability. It does not matter if a person has a note from a doctor that states that the person has a disability and needs to have the animal for emotional support. A doctor’s letter does not turn an animal into a service animal.

A service dog is protected by federal and state laws to be allowed access to public places such as stores, restaurants, theaters, etc. (anywhere it’s handler would otherwise be allowed access to). However, there are some rules and behavior guidelines the handler must follow. The laws not only protect the handler and service animal from being denied access to those places, but also protects business owners from unruly service animals and/or “fraudulent” service animals. A business owner has the right to deny access to a service animal and handler team if they pose a direct threat to the health and/or safety to the establishment’s patrons or display poor or unacceptable behaviors. Below is a list of basic rules that must be followed in order to maintain access rights:

Rules and Behavior Guidelines

- Washington State follows the ADA requirements for the service animal to be under the complete control of its handler. This could be achieved through the use of a leash, harness, or other tether mechanism. However, in cases where either the handler is unable to hold a tether because of a disability or its use would interfere with the service animal’s safe, effective performance of work or tasks, the service animal must be under the handler’s control by some other means, such as voice control.
- The service animal MUST be housebroken- urinating or defecating in public places that are not appropriate would be grounds for removal of the team from the establishment.
- The service animal must be vaccinated and licensed according to local state and county laws. Some counties will waive the fee of licensing under certain circumstances for service animals.
- The handler is responsible for the care of the service animal’s needs. This means they are solely responsible for the feeding, watering and cleaning up after the service animal in an establishment.

Here are some basic guidelines to follow for the proper behavior of a service animal:

- Follow the “4 on the floor” rule. For example: no jumping, standing up on hind legs, or being placed in shopping carts.
- Keep a quiet profile. In some cases, a service dog may be trained to bark for an alert, which is perfectly acceptable. However, it is unacceptable for the dog to uncontrollably bark, growl or whine while in an establishment.
- Maintain control of the service animal at all times. Most service animals are trained to stay close to its handler (i.e. under a chair, bench or table when the handler is sitting, next to or in front of the handler in a “sit” or “down” when the handler is standing stationary). Allowing the service animal to run around or away from its handler is unacceptable.

Another thing to note is the size of the service animal. In some circumstances, a service animal may need to maintain contact or closeness to the handler to detect an alert. In this case, a smaller service animal may be held or carried by the handler instead of walked.

4-H & FFA Dog Rally: Points Allowed Blue-100 Red-75 White -50 (Cloverbuds are Participation Only)

Rally is a sport in which the dog and handler complete a course that has been designed by the rally superintendent. The judge tells the handler to begin, and the dog and handler proceed at their own pace through a course of designated stations (10-20, depending on the level). Each of these stations has a sign providing instructions regarding the next skill that is to be performed. Scoring is not as rigorous as traditional obedience. All designated stations are judged on leash and all dogs must enter and leave the ring on a leash. The leash must be made of fabric or leather and needs to be long enough to provide adequate slack. A trophy and rosette will be awarded to the Top Overall Rally and a rosette to the Reserve Champion.
